

PRODUCT DATASHEET

LED EMERGENCY DRIVER - 60W

PRODUCT DESCRIPTION:

PURERENA LED Emergency Driver 60W

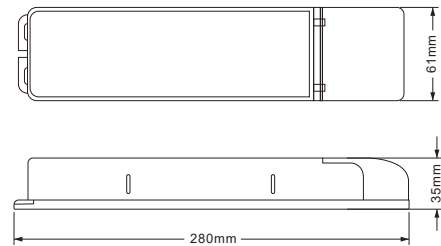

- For 3-60W LED lamp
- 100% power output in emergency
- For LED tube, panel, down lights...
- Wide voltage input AC85-265V~50/60Hz
- Short-circuit protection and no-loading protection
- External status LED indicator / Test function
- Fire-proof PC housing
- 86% high conversion efficiency
- IP20 protection

TECHNICAL SPECIFICATIONS:

Input Voltage	AC265V~50/60Hz
Output Voltage	DC220V
Input Power	3 - 60W
Battery Type	Lithium ion 11.1V 4400mAh
Emergency Time	60-180mins
Charge Time	Lithium Ion 11.1V - 4400mAH
Emergency Power	≤48hrs
Charging Power	10W, Max. 15W
Charging Current	220mA, Max. 300mA
Output Voltage/Current	220V±5% (0.03A - 0.15A)
Emergency Output	100% power
Rated Duration	1 Hrs / 3 Hrs
IP Rating	IP20
